Di Jin

#Audit #Tax # SAP Consultant #Data Analyst #Financial/
Management Accountant
Calgary, Alberta, Canada

Experience

Spectives Consulting

SAP Consultant

May 2025 - Present (8 months)

My key responsibilities include supporting the creation and evaluation of SAP roles, assisting in developing a simplified authorization model, participating in implementing new SAP authorization concepts, managing user access and roles, conducting authorization testing and audits, maintaining documentation, and staying updated on best practices in SAP security and Fiori role design.

Rise Calgary

Volunteer Staff

January 2025 - Present (1 year)

加拿大 艾伯塔 卡尔加里

Prepared tax returns for eligible individuals.

Completed anonymous tracking sheets.

Completed comprehensive tax volunteer training

Reanda Certified Public Accountants LLP

Audit Manager

January 2019 - August 2023 (4 years 8 months)

Beijing, China

Improved audit efficiency through strategic audit planning, scoping, and fieldwork execution, reducing completion times and increasing client satisfaction.

Strengthened internal controls by testing complex business processes and identifying 3-5 weak control areas per project, helping clients avoid \$1 million in losses.

Ensured financial statement accuracy by assisting clients with IFRS-compliant preparation and analysis.

Detected potential fraud by identifying 11 unusual transactions, preventing financial losses of \$43,500 - \$50,000.

- # Prepared and presented audit findings to senior management, resulting in the implementation of new policies and procedures that improved overall compliance with applicable laws and regulations.
 - # Enhanced team performance by mentoring and training
